

DEPARTMENT OF THE NAVY  
BOARD FOR CORRECTION OF NAVAL RECORDS  
2 NAVY ANNEX  
WASHINGTON DC 20370-5100

TRG  
Docket No: 5888-01  
11 September 2002

[REDACTED]

[REDACTED]

This is in reference to your application for correction of your naval record pursuant to the provisions of Title 10 of the United States Code section 1552.

A three-member panel of the Board for Correction of Naval Records, sitting in executive session, considered your application on 10 September 2002. Your allegations of error and injustice were reviewed in accordance with administrative regulations and procedures applicable to the proceedings of this Board. Documentary material considered by the Board consisted of your application, together with all material submitted in support thereof, your naval record and applicable statutes, regulations and policies.

After careful and conscientious consideration of the entire record, the Board found that the evidence submitted was insufficient to establish the existence of probable material error or injustice.

In order to be eligible for retired pay at age 60, an individual must accumulate 20 years of qualifying service. A qualifying year is an anniversary year in which an individual earns 50 retirement points. As indicated in the enclosed Statement of Service for Naval Reserve Retirement, you have only been credited with six years, six months and two days of qualifying service for reserve retired pay at age 60. Although you were retired effective 1 May 1993, this is an honorary status because you are not entitled to pay at age 60.

There is no documentation in the record that would support the crediting of any additional retirement points. Since you need over 13 additional qualifying years in order to be entitled to retired pay, the Board concluded that a correction to your record is not warranted. Accordingly, your application has been denied. The names and votes of the members of the panel will be furnished upon request.

It is regretted that the circumstances of your case are such that favorable action cannot be taken. You are entitled to have the Board reconsider its decision upon submission of new and material

evidence or other matter not previously considered by the Board. In this regard, it is important to keep in mind that a presumption of regularity attaches to all official records. Consequently, when applying for a correction of an official naval record, the burden is on the applicant to demonstrate the existence of probable material error or injustice.

Sincerely,

W. DEAN PFEIFFER  
Executive Director
